

Summit Volunteer and Leadership Opportunities

As students are preparing to be Christian servant leaders, Summit strives to come alongside students and provide opportunities to lead and serve within the school community and our greater Eastside community. For students immediately entering the workforce beyond graduation, these opportunities are useful for both job candidate traits and effective training for life. Students matriculating to colleges will use these experiences in college application essays for admission and for scholarships as well. Below are a few of the many leadership opportunities offered at Summit.

- Student Council
- House Leadership
- Student Ambassadors
- Worship Leaders
- Stage Production, A/V Student Support
- Servant Leadership Elective (Individualized Opportunities)
- Lunchtime Student Club Leadership
- Yearbook Editors

Academic Enrichment Opportunities

As we partner with parents, to steward our students' gifts, talents, and passions, we offer counseling to help navigate whatever path God has called them to. There are a wide array of internships, leadership, and pre-college programs beyond our doors for students who are looking toward continued academic rigor following their time at Summit. If your child would like to take part in a summer program or internship, there are hundreds of options to explore more deeply to enrich their academic and extracurricular passions.

Internships are designed for students to experience a possible career in a hands-on manner while still in high school. Leadership courses are offered through colleges and other institutions. A pre-college program is typically an on-campus opportunity which includes a course or courses taught by professors. Often, the program will also help students prepare for the college application process.
